## TERMS OF SALE

This sale is made for cash. Bills payable and goods ready for delivery immediately after conclusion of the sale. The highest bidder to be the buyer. Should a dispute arise and the disputant has a voucher that he was bidding, and is willing to advance on the price at which the lot was stricken off, the said lot will be put up again and resold to the highest bidder. This does not apply to where a bidder has not made any offer prior to the said item being knocked off—then the auctioneer will use his judgment as to the good faith of all claims, and his decision shall be final.

The auctioneers reserve the right to refuse the bid of an individual if he declines to make a cash deposit or pay sum bid on their request to do so.

No lot is separated. All are sold so much each piece and subject to the catalogue description and number. Should any lot be misplaced, the buyer does not acquire any right in it if it is stricken off without the mistake being discovered, and such a lot must be returned to the auctioneers. If any lots cannot be delivered, the auctioneers and cataloguer are only responsible for its value as sold at this sale. The cataloguer and auctioneer reserve the right to bid on their own account and for their clients who have sent hem bids to be executed.

Every item is guaranteed genuine, and this holds good indefinitely.

No coins exhibited during the progress of the sale unless by special request, when every courtesy will be extended that is possible. Collectors are requested to carefully examine the coins while on exhibition, from 9 to 12.30 o'clock day of sale at the auction rooms, marking their catalogue, thus being prepared, as the sale progresses at the rate of 200 to 250 lots per hour.

I will carefully and faithfully execute any bids entrusted to my care for a commission of 5 per cent. on the amount purchased. No charge for work done on any not bought.

The auctioneers will execute bids free of charge, but assume no responsibility, and require payment prior to delivery of goods.

The cataloguer and auctioneer will not be responsible for any errors made by bidders.

Hand-priced catalogue after sale for 50c.

The cataloguer will gladly answer any questions as to the coins offered.
